

FORMAL VALUATION SERVICES

Insurance • Probate • Family division • SMSF • Market value

Scammells provides written valuations for selected art, antiques, furniture, silver, porcelain, rugs, watches and collectables. The purpose and effective date are confirmed before inspection because different valuation purposes require different methods and values.

COMMON VALUATION PURPOSES

Insurance replacement value

For selected special items where your insurer requires itemised supporting evidence of description, condition and replacement value.

Probate and deceased estates

Valuations of selected estate contents, generally assessed as at the required effective date, for executors and legal representatives.

Family division and family law

Formal valuations where items need to be divided, sold or recorded as part of a property settlement or estate dispute.

SMSF and market value

Objective and supportable market valuations for selected collectable assets, subject to adviser, accountant or auditor requirements.

ITEMS WE COMMONLY VALUE

- Fine art and works on paper
- Antique, mid-century and designer furniture
- Sterling silver and selected gold items
- Porcelain, pottery and glassware
- Rugs, clocks, watches and selected brooches
- Decorative arts and recognised collections
- Vintage toys, petroliana, advertising and motoring collectables

GENERALLY OUTSIDE OUR SCOPE

Ordinary household electricals, whitegoods, everyday crockery and cutlery, soft furnishings, clothing, most modern furniture, plants, books and low-value household effects.

Important note

Insurance policies, legal requirements and adviser instructions vary. Check your current Product Disclosure Statement or speak with your insurer, solicitor, accountant or financial adviser before booking a valuation.

PROCESS, REPORTS AND FEES

A clearer process for clients, executors, agents and advisers.

THE VALUATION PROCESS

1. Confirm the purpose

We confirm whether the valuation is for insurance, probate, family division, SMSF or market value.

2. Review the items

You provide photographs or a list where practical so we can confirm scope and likely fee range.

3. Inspect and photograph

Items are inspected, photographed and recorded, either on site or at Scammells by arrangement.

4. Research and prepare

Relevant market evidence and specialist advice are used where required.

5. Issue the report

A digital valuation is supplied. Printed copies can be arranged on request.

WHAT THE REPORT MAY INCLUDE

- Purpose and effective date of valuation
- Description of each item
- Photographs and condition observations
- Applicable basis of value
- Supporting market research where appropriate
- Assumptions, limitations and exclusions

BEFORE BOOKING

Please tell us who the valuation is for and whether your insurer, solicitor, accountant or adviser has any specific report requirements. This helps avoid unnecessary work and cost.
